

TEMP POWER SYSTEMS®

REQUEST TO BID

We would appreciate the opportunity to bid on any new projects your company is presently working on.

Temp Power Systems offers the highest quality in service and equipment with experience in various types of work specializing in residential housing tracts and commercial building. We have also worked with some of the top builders in the nation on specialty projects such as correctional facilities, retail malls, stadiums, universities and K-12 schools.

At Temp Power Systems we are committed to Personal Quality Service. We can discuss your up and coming projects, as well as your current projects, and provide competitive pricing for your temporary power needs.

To add Temp Power Systems to your bid list please use the following email address: **sales@temppower.com**.

For additional information please visit: **temppower.com**

Or call toll free - 800-748-6997

Thank you for considering Temp Power Systems on your next project and we look forward to working with you.
